Perched in a prime, quiet location on coveted Upena Street, this thoughtfully designed 2013-built home captures the essence of laid-back oceanfront living without the oceanfront price. Built with the main living level elevated 11 feet above ground, the living room, kitchen, and front lanai all face the ocean—allowing you to see and hear the waves, watch boats pass, and spot dolphins and seasonal whales from your own home. Vaulted ceilings, modern finishes, and an open floor plan create a bright, airy coastal feel. Below, an expansive covered outdoor living space
