I choose the Piikoi side for privacy. I didn't like neighbors looking into my unit. Also owners have asked me if I would sell my extra large indoor storage unit and my private EV unit. Private EV systems are no longer allowed. And yes, the 06 units at the end of hallway is great because u can leave the doors open during the daytime since no one walks down there. Building one is great as stairs to amenities is right next door and being on the 4th floor being same level as parking is great because if there is ever another pandemic, elevator is never needed. I really don't think you
