Great opportunity to create your own farm, ranch or agro-tourist destination. The property allows for accessory agricultural structures necessary for your AG business, but no dwellings. The property has a long stretch of Opae'ula stream frontage on approximately 10 farmable acres in the valley below and about 2.5 acres of farmable land on top, next to the access road for easy access. The stream is gorgeous, covered in old-growth trees & is perfect for Cacao and other shade plants. Access to the valley below will require the buyer to make a switchback trail.
