Where else in St. Louis Heights will you find potential for three separate living areas, two separate driveways, and an ocean view? Multigenerational living, rental income, or both, this home has the flexibility for it all. A two-car garage plus two separate driveways keeps parking handled no matter how you configure it. This gently sloped lot has no stairs to the front door, and out back, a usable yard opens up for evening gatherings as the sky turns gold over the horizon. Major upgrades already done: full electrical rewire, structural foundation reinforcement, renovated
