This Aukai Avenue residence in Kahala has been remodeled with real intention, not just updated. The floor plan holds five bedrooms, a dedicated office, and multiple gathering spaces across two levels, built for the way people actually live and host in Hawai'i. On the main level, a formal sitting room, a spacious living room, and an open-concept kitchen with a custom bar open onto a covered lanai set up for formal dining. Two bedrooms on this level lead straight out to the backyard, where a pool, spa, level lawn, and several seating areas do the work of turning outdoor
