Surrounded by State Forest Reserve, this Kuleana Land Commission Award (NO. 5043 B Manu Section 3) provides unparalleled privacy. The land is between Honolewa Stream and Kanahuali'i Falls, below the Kings Trail and above Wailua Falls. The property is situated on a bluff and was used for growing taro during the 1800s and cattle grazing into the 1950s. While the Sellers used helicopter access, it is currently approximately a 1.5 hour hike from the Hana Highway. Trail improvements would cut that time in half. There is no existing vehicle access
