sqft land listing price

There are many building sites with ocean and mountain views. Water sources would be via rain catchment or a well. The parcel was surveyed in 2019 (survey map in associated docs). Currently, this property has 1 tax map key number, but originally it consisted of 4 lots. 2 of the 4 lots have a potential break in the chain of title. The sellers have decided not to clear the title and sell at a reduced price. The pictures were taken years ago, and do not reflect the current condition.
