SUCH A DEAL - You have a partially cleared lot in Green Sands Subdivision with a STEEL FRAMED 625sf BUILDING with a roll up over-hanged door and a window. This building is very secure and not going any where. There has been a 2" and 3" drain pipe installed in the flooring in case one would like to install a bathroom. The spacious space could be redesigned in a nice living quarters. Or it is great to store your building material and live in it while you build your dream home on the rest of the property. The seller says the neighbors are really nice and look out for each
