Build your dream home in upslope Ocean View! This one acre lot features old growth Ohia trees on the lower, street fronting portion of the property. A roughed in driveway leads through the trees to the upper portion of the lot where a house pad has already been roughed in to capitalize on the ocean/whitewater views. Drafted house plans for HPM's Pua-Melia home are included with the lot, along with a HI County Building Permit valid through 12/24. Flags from a recent property staking are still visible.
