sqft land listing price

2nd to the last lot on this dead end street in Hawaiian Shores Recreational Estates is well over a 1/4 acre, has piped water available (catchment system not necessary) and has low growing shrubs and grasses which should make it easy for clearing and developing.

Lot is located in an open, breezy section of the subdivision on a dead end street that backs up to State land.

This is a highly sought after location and rarely available. Dont miss out on this
