There is only one section of Paradise Park where you can own an acre this close to the ocean. You can only find a lot like this on 1 section of 1st Ave. between Paradise Dr. and Makuu Dr. Of course these lots go for more money.

This improved 1 acre lot has a home across the street. In front of that home is the blue Pacific ocean. This lot has a driveway with a completed locking garage. And also a plastic 2500 gallon water tank. It is partially fenced with a gate and has various fruit trees. There are a few different house sights with ocean view potential.
