This nearly 52-acre rectangular parcel offers a rare opportunity to own land shaped by nature. Approximately 35 acres of the property were covered by lava during the 2018 eruption, creating a one-of-a-kind landscape that tells a powerful story of transformation. The remaining back portion features an isolated wooded area visible from the roadside.

Located off Pahoia-Kapoho Road, this property offers access to the lava covered area. Please note that overhead electricity and county water meters are no longer
