Conveniently located in the lower portion of Hawaiian Ocean View Estates at an elevation of approximately 2,200 feet on Luau Drive, this lot offers a balance of natural beauty and convenient location. The property features a mix of native trees, grassy areas, and a gentle slope that gives the land dimension and potential for creative building options.

At one time, a house pad was created on the lot (about midway), providing a possible starting point for future development, although overgrown now.
