sqft land listing price

This almost half-acre lot in Nanawale Estates gives you more room than most in the neighborhood. It's a corner property that backs up to a larger parcel, so you'll have extra privacy and space to enjoy. House plans for a 3 Bedroom, 2 Bath, 1,500 square foot Home are included, and a building permit has already been issued and can be transferred to the new owner, saving you time and effort. The lot is already fenced and cleared, with a septic system in place, and HELCO electrical plans completed to bring power to the home, so much of the prep work is done.
