Expansive, unobstructed ocean views—nothing between you and the horizon (unless you count the hawks!). This fully fenced and gated 5.38-acre AG-zoned estate features approximately 315 mature, producing macadamia nut trees, additional fruit trees, and rare privacy within the greater Kona area. One of the very few 5+ acre parcels available, the property is located in the highly desirable local “Goldilocks Zone,” known for its ideal year-round climate with little need for air conditioning or heat—making true comparables extremely difficult to find.
