sqft land listing price

This 1-acre lot includes a cinder-block structure built years ago by the seller's father. The walls remain in good condition, and if the roof is replaced, the building could serve as a practical storage room or outbuilding. The parcel is nicely forested with native Ōhia, Mango and only a few younger albizias. Power and internet are at the street, and a private well is possible. The property sits on a pleasant street with maintained homes nearby.

This is the middle parcel of the three consecutive lots available on 8th Avenue.
