Land for Sale in **Puna**, Big Island | MLS **728019**

7,934
sqft land

\$14,999
listing price

Great opportunity to own this lot and the one adjacent.

Both enjoy a smooth paved road access and overhead electrical across the street.

The lots are covered with jungle, mainly guava trees. From the road the land seems to gently slope with uneven terrain. There is also a large puka lava tube hole in the very back which appears to be on the property, so please be cautious when walking
