sqft land listing price

Rare opportunity for a double sized beautiful lot in Nanawale Subdivision Estate. It is located on a street that's mostly undeveloped, with tropical jungle, and offers more privacy. The property is gorgeous. Previously bulldozed and leveled, it is ready to build. It has been lovingly landscaped through the years, and an incredible custom built rock wall surrounds most of the grounds. Two lots were previously consolidated into one, offering approximately 16,080 sqft of land. Explore the nearby gorgeous Waawaa oceanfront , Lava Tree State Park, or venture into Paho
