

Land for Sale in **Kau**, Big Island | MLS **729686**

43,604 **\$15,000**
sqft land listing price

A very private lot near the Manuka Forest. It does not border the forest reserve, rather there is an entrance road on your left which give access to another lot behind you. The elevation is 4300 feet - cooler nights - but oh! what a view of the night skies! The terrain is rocky with trees and elevated from the roadway. There is only one neighbor in the block at this time. No power poles - but solar power is a very viable option. Lots of greenery and privacy at this location. Road maintenance fees currently \$155 year. Priced to sell....
