sqft land listing price

A very nice wooded lot at the higher elevation - great for star watching and cooler nights. No power on the street, but many locals use solar electric for a power source. Close by the Natl Park forest reserve, so clean and quiet. Terrain lends itself to viewing the ocean at the mid to back of lot. And trees for privacy. Brother owns the lot next door, so can buy one or both. Own your piece of nature on the island. Come see!
