This custom-built home may have been built in 2022, but it feels like it's been here much longer. Sitting on a rare 1.32-acre, fully fenced parcel in one of the most desirable pockets of Hawaiian Paradise Park, this one stands out! Buyers familiar with HPP know how uncommon it is to find a new construction property where the grass has already taken hold, the neighboring homes reflect pride of ownership, and the setting feels established from the moment you arrive.
