Homesite 16 sits on the top tier of Kukui'ula's gated Kahela Neighborhood, with elevated views across the fairway and down the coastline to Kukui'ula Harbor. The .61-acre parcel (26,420 sq ft) has a flat building pad already graded, so the costly early site work is behind you. The neighboring custom homes are complete, and the sightlines are established before you design. The lot faces south toward the ocean. It catches first and last light over the water, and the night sky here is dark enough to make the stars worth staying up for.
