

CORAL PKWY

Land for Sale in **Kau**, Big Island | MLS **735202**

43,604
sqft land

$32,000
listing price

Beautiful forested lot in lower subdivision. Scattered native forest and open areas to place improvements in the future while protecting the environment. Potential for a very private homesite in a great location. Nice clean neighborhood with near but not immediate neighbors. This parcel is a great opportunity. Check it out today.
